KEEP FOR INCOME TAX PURPOSES

This is important tax information and is being furnished to the Internal Revenue Service. If you are required to file a return, a negligence penalty or other sanction may be imposed on you if this income is taxable and IRS determines that it has not been reported.

NOTICE TO RECIPIENT

The Missouri Division of Employment Security (payer) must furnish the information on this form to the Internal Revenue Service and must also furnish this form to the person receiving the payments by January 31 of the year following the calendar year of the payments.

This form shows the total unemployment compensation and Reemployment Trade Adjustment Assistance (RTAA) paid to you this year from this payer. Both are fully taxable. Total taxes withheld from unemployment compensation and RTAA payments are shown on this form, but are not indicated separately by program.

If Federal income tax has not been withheld on your unemployment compensation, you may be required to file a declaration of estimated tax and make payments during the year on your estimated tax liability. For more information on taxation of unemployment compensation, see the instructions for your Federal income tax return or contact your Internal Revenue Service district office.
